## Youth Program Planning Meeting

On March 4<sup>th</sup> following the morning service we would like to meet briefly with anyone who would like to help us with the youth program. This meeting will be brief and line out some of the things we would like to do to

get this program off the ground. Time is running out and we need your help and your ideas. Plan on coming even if you just are interested on what is happening.

If you know of any

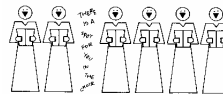

kids who might be interested in being a part of the youth program please give us their names and addresses as we are beginning to build a data base that will help us find possible prospects.

## From The Pastor's desk

Alma has been working with the Choir so they can get some songs ready to sing for the Church. I want to encourage you if you can sing to join the choir and I want to ask if at all possible that you stay for a few minutes after the evening service to practice. The practice is not extremely long and it helps when we

have more who will participate. Music has a great impact on the service and your help will be greatly appreciated.

See Alma for details about joining the choir!

A special thank you goes to Eleanor for taking time to play the piano. God bless you for taking on this ministry. Keep up the good work!

# Laugh With Us

A preacher was invited to a child's birthday party; the family had just started attending his Church. Arriving at the front door, he heard voices in the living room and said to the maid who was taking his hat and coat, "Don't show me in — I'm, going to surprise them." Getting down on his hands and knees, he crawled into the living room growling and barking like a dog. Looking up he found himself being starred at by four of the snootiest ladies in town. He had come to the wrong house.
